ACCOMPLISHMENT REPORT: PROVISION OF SPORTS EQUIPMENT

I. RATIONALE

Upholding the philosophy that “every child has the potential to be developed,” the GPTA purchased sports equipment to support the holistic growth of learners at Epiphany Christian Academy. Since physical activities were essential to student development, the project addressed the lack of adequate equipment that had limited the school’s physical education programs and sports events. Through this project, the GPTA provided learners with the opportunity to engage in safe and enjoyable skill-building activities that fostered fitness, teamwork, and discipline. Ultimately, it fostered a healthier, more active, and well-rounded student community, consistent with the school’s vision of nurturing both academic and character excellence.

II. OBJECTIVES

The provision of sports equipment was done:

- to provide additional essential sports equipment for physical education classes in order to supplement the school’s existing resources
- to support the conduct of school-based sports activities such as intramurals, friendly competitions, and recreational events through the availability of proper sports equipment.
- to ensure that students have access to safe and durable sports equipment that will encourage active participation and skill development.

III. NARRATIVE ACCOMPLISHMENT REPORT

In line with its commitment to support the holistic development of learners, the General Parents-Teachers Association (GPTA) of Epiphany Christian Academy of La Trinidad, Inc. successfully purchased and turned over sports equipment to the school. The purchase of sports equipment was carried out by the GPTA officers from September 12 to 17, 2025.

The total cost of the purchased items amounted to ₱26,797.00, which included delivery fees. With this amount, ₱16,797.00 was sourced from the GPTA’s collected cash from fines imposed on parents who were absent during the first GPTA assembly. The school augmented the remaining ₱10,000.00.
